

Ceramic Art & Crafts Collaboration Program in Jingdezhen, China

Create. Sell. Collaborate.

Hosted by: ChineseSources.Org

Why Jingdezhen? Why Now?

Jingdezhen, the world-renowned porcelain capital, offers a rare opportunity for international ceramic artists to live, create, and grow in an environment deeply rooted in ceramic tradition.

Our program is more than a residency—it's a full-service art and marketing partnership. Whether you're an independent sculptor, ceramic painter, or visual artist, we help you professionally produce and monetize your work.

What Is the Collaboration About?

This collaboration is designed to solve one of the biggest problems international ceramic artists face: **how to sell and ship their artworks from China to the world without extra hassle and cost.**

Through our local studio support and integrated sales channels, we:

- * Help artists create and produce ceramics on-site.
- * Handle all logistics, promotions, and sales.
- * Store and ship artworks after events or sales.
- * Eliminate the need to take fragile works back home via expensive freight.
